

## HARWICH WATER DEPARTMENT

### **SEASONAL ACCOUNTS**

- Seasonal accounts are billed \$40 semi-annually. This is a recurring charge.
- Harwich Water Department requires a minimum of a **two (2) week** notice for all seasonal turn on and turn offs.
- Access to the water meter must be provided by either a key, or an unlocked door/bulkhead.
- In the **FALL**, house must be drained first, either by homeowner or plumber to prevent any damage to the interior and exterior plumbing. After this is completed, the Water Department will shut the water off at the street and winterize and cap the meter.
- In the **SPRING**, the Water Department goes to property first.
- Please keep in mind, during two week notification the homeowner is responsible for taking into account weather conditions and temperatures.
- If you wish to keep water on for a winter season, as a courtesy please notify the Harwich Water Department so that account status may be changed.
